visualite

Sensory and Well-being Lighting Solutions

Visualite is a unique sensory lighting company that incorporates a light source and scenes of nature (biophilic) images into one, to create a relaxing ambience designed to calm anxiety and enhance well-being. Visualite ceiling and wall installations have reported to be a great distraction that have reduced instances of claustrophobia and stress.

Visualite can be applied in any occupied space where people live, work, learn and play as the connection between buildings and the health and well-being of its occupants becomes more and more apparent.

Tower 800W Microwave

PART NO. T24009W

- Powerful 800W for quicker cooking/heating
- Generous 20L capacity suitable for one or all the family

Rice Cooker

PART NO. 80127

- Perfectly cooked rice at a gourmet level
- 1.8 litre capacity
- Stays warm for hours. The practical warming function of the rice cooker allows up to 12 hours of warm rice, completely automatically; so you can prepare the rice in advance.
- Non-stick coating prevents sticking of rice to the inner pot and makes regular stirring unnecessary - for stress-free cooking.
- Glass lid for a complete view of the cooking process.
- Includes a measuring cup and serving spoon.
- Quickly and easily prepare small amounts for single households as well as large portions for families, and then clean the container effortlessly.

Lamps Guide

DAYLIGHT

Need to show off the fine details? Then a daylight lamp is the one for you. Perfect for museums, galleries and retail as it helps to make the environment look clean and welcoming.

COOL WHITE

This type of light will help you to **create a neat, clean and efficient environment**. Your workforce will feel more alert and this should increase both yours and their productivity.

NEUTRAL WHITE

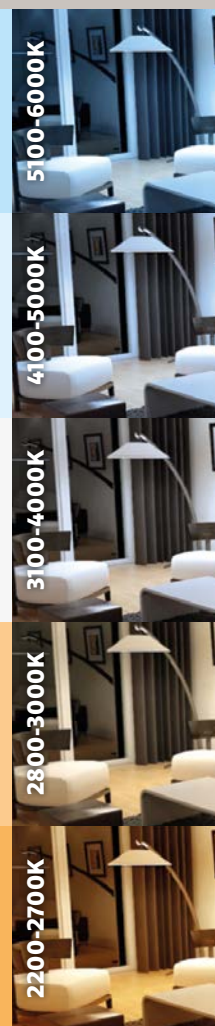

Looking to make that mid week meal pop? Then a white light is **great for a kitchen** and will make your cooking experience that little bit brighter!

WARM WHITE

Need something not as intense but still gives you a warm and toned light? Colour schemes often seen in the home today are **complimented and enhanced** by a warm light. Great for the living room!

EXTRA WARM WHITE

This type of light is **perfect for creating a friendly, personal and intimate setting**. It would look great in a bedroom, living room or even a restaurant.

Aluminium Multi-Mount Motors

This range of aluminium multi-mount motors are suitable for many different industrial applications, including fans and pumps. The multi-mount design enables the feet to be removed to provide left, right or top terminal box configurations available in IE1, IE2 and IE3.

Also available to order

- Cast iron AC induction motors
- Single phase AC induction motors
- IP68 fully submersible
- Explosion proof motors

FLEXICON
FLEXIBLE CONDUIT SOLUTIONS

Hygienic Flexible Non-Metallic Conduit

- Hygienic design in accordance with EN1672-2 and EN ISO 14159
- High chemical and thermal resistance
- Corrosion resistance
- High IP rating

What would you do if the power goes out now?

Supply, install, maintain and service

When was the last time your UPS had a checkup?

Regular health checks carried out on your UPS and UPS batteries will help to avoid unexpected failures or spot potential faults to prevent them causing any downtime to your supported load.

Things to consider when deciding if your UPS needs a Health Check:

- How old is your UPS?
- How effective is your UPS in protecting your equipment?
- When was the last time your UPS had a service?
- Do you have new equipment which would also benefit from emergency power protection?
- Will your UPS run for the length of time you need it in the event of a mains failure?
- Have you taken into consideration the environment in which your UPS and batteries are housed, as heat has the most detrimental effect on UPS batteries?

UPS health check includes:

- UPS visual inspection and environmental checks
- Further maintenance checks including fuses, fans and display values
- Battery test
- External bypass check
- Full health check report with recommendations
- All work to be completed in normal working hours

YESSS Industrial offer:

- Full project management from start to finish, we specify the solutions and manage the entire project on your behalf
- Full installation, maintenance and commissioning

WIPES WITH A DIFFERENCE

Trademate Bamboo Rayon Pro Wipes

PART NO. DGBF25

- Outperforms polypropylene (plastic) wet wipes
- Super absorbent with high lift on grime
- Oeko-tex 100 certified with no harmful substances
- 100% biodegradable and from sustainable plant sources
- Cosmetic approved, with zero recorded irritation on all skin types
- Removes paints, semi-cured sealants and adhesives, expanding foam, oils, grease, and more

"Dirteeze Wipes with a Difference" have created another first, adding a brand new range of wipes made from bamboo, to their innovative stock range of products.

Bamboo grows up to 2 feet per day, is 100% biodegradable and fully sustainable. No use of softwood or hardwood trees that can result in deforestation. No use of plastics. No use of fossil fuels/oil reserves.

Bamboo is nature's answer to our needs for everyday wipes in an environmentally sustainable form, it just so happens that it also performs better than the estimated 90% of wipes in the UK that are made from plastic.

Trademate Bamboo Pro Wipes

PART NO. DTM55

- Stronger than paper, reduces waste
- Solvent resistant and works great with oils
- Low lint, no fibres left behind
- Re-usable nature, works more like a cloth
- Perfect for Decorators, Trades, Mechanics and workshops
- Made with 80% Eco-friendly bamboo fibre

Multi purpose anti-bacterial wipes Quat-Free Bucket

PART NO. HMAXB1000QF

- 1000 strong weave blue wipes 25gsm 20 x 20cm
- Attractive bucket with full printed information
- 99.999% kill rate
- Quat-Free, biguanide free, alcohol free, taint free, food safe
- Biocidal product approved (BPR article 95, as amended by regulation (EU) 334/2014)
- Outstanding microbial performance against gram positive and gram negative bacteria, yeasts and viruses
- Test strains – P.Aeruginosa, S.Aureus, E-Coli, E.Hirae, C.Albicans, Influenza Type A (H1N1), Vaccina Virus, BVBV, Mycobacterium Terrae

Multi purpose anti-bacterial wipes Flowpack

PART NO. HMAXF200

- Highly portable soft pack with snap-pack lid closure
- Dirteeze HMAX hydrophilised inherently anti-bacterial wipe material with superior strength
- Lotion made in the UK and registered with Irish Biocidal Products Regulations (BPR) – Fragrance Free, Bleach Free, Alcohol Free, Cruelty Free, PH Neutral, Skin Friendly, Safe and Kind to the Environment
- *Wet wipes tested by UKAS lab and approved to BSEN1276, BSEN1650, BSEN13697 (*not just the lotion as with many competitor products)
- Protects against E Coli, Salmonella, Listeria, MRSA

Multi purpose anti-bacterial wipes Jumbo Tub

PART NO. HMAXCL250

- Colour coded canister with foil seal
- Dirteeze HMAX hydrophilised inherently anti-bacterial wipe material with superior strength
- Lotion made in the UK and registered with Irish Biocidal Products Regulations (BPR) – Fragrance Free, Bleach Free, Alcohol Free, Cruelty Free, PH Neutral, Skin Friendly, Safe and kind to the Environment
- *Wet wipes tested by UKAS lab and approved to BSEN1276, BSEN1650, BSEN13697 (*not just the lotion as with many competitor products)
- Kills up to 99.9999% of bacteria within 10 seconds
- Protects against E Coli, Salmonella, Listeria, MRSA

CENTRIFUGAL FANS

Commercial kitchens demand high quality extraction and exhaust fans to withstand the rigours of continuous contact with hot, greasy air. In such environments, air change is supplied by a mechanical ventilation system. This is usually via an extract canopy situated above the appliances that is exhausted via a roof fan or horizontally through ducting. Sufficient outdoor air must be provided through supply fans to replace the extract air to avoid creating a vacuum. Therefore, a combination of supply air fans and extraction fans are required.

Generators Supply, install, maintain and service

Sales

When considering the right generator, you need the assurance that it is from a reputable manufacturer. Flying Hire is an Inmesol authorised dealer.

- Portable
- Industrial
- Stand-by
- Rental
- Heavy duty
- Load banking
- Servicing

Hire

Choose from an extensive fleet of single, three phase and synchronised generators. The range starts at compact 10kVA machines to much larger units.

In addition, we can supply:

- Mains cable
- Distribution
- External tanks
- Road-towable (up to 200kVA)
- On-site engineer

4 Channel Full HD 1TB CCTV System

Nest Hello Video Doorbell

PART NO. NC5100GB

- Know who's at the door. Nest Hello can send an alert when someone presses the doorbell or when it detects a person, motion or sound
- HD Video, day or night. Using HDR and Night Vision, Nest Hello delivers bright, crisp images, day or night. See the big picture - including people head to toe or parcels on the ground
- HD Talk and Listen. Using the Nest app, hear visitors loud and clear and have a conversation.
- 24/7 streaming. Check the live stream and view a 3-hour snapshot history
- Pro installation recommended

Some features, including mobile notifications and remote control, require working Internet and Wi-Fi

Nest Cam Indoor and Nest Cam Outdoor

Look after home 24/7. Know when something happens. 24/7 live streaming. No dead batteries. No missing moments. Security has never looked so good.

- 24/7 live video. 130° view shows you everything in 1080p HD, day and night.
- Alerts on your phone. Get activity alerts so you know if anything happens while you're away. Add person alerts with Nest Aware.
- Talk and listen. Nest Cam has a mic and speaker so you can hear what's going on and talk through the Nest app.
- Three-hour snapshot history. See photos of activity from the last three hours for free in the Nest app.
- Clear as day. Even at night. Illuminate the whole room or scene evenly.
- Rain or shine. The Nest Cam Outdoor camera, cable and adapter are all weatherproof, so you can leave it out in the rain.

Some features, including mobile notifications and remote control, require working Internet and Wi-Fi

Nest Cam IQ Indoor and Nest Cam IQ Outdoor

- Person alerts. Smart enough to tell a person from something else and then alert you.
- Supersight. Automatically zooms in and follows a person's movements, while still showing you the full picture in crystal-clear video.
- HD Talk and listen. Lets you have a seamless conversation using the Nest app and Nest Cam's microphones and speaker.
- 3-hour snapshot history. When Nest Cam IQ outdoor detects a person, motion or sound, it can send you an alert with a snapshot on your phone and via email.

Nest Cam IQ Indoor

- 24/7 live video. See a 130° view in 1080p HD. Powerful IR LEDs light the room evenly so that you can even see in the dark.

Nest Cam IQ Outdoor

- 24/7 live video. A 4K, 8-megapixel image sensor with HDR (High Dynamic Range) and 12x zoom lets you see every detail in full 1080p HD. Powerful IR LEDs let you see what's happening in the dark.
- Robust design. Weatherproof IP66 rating and tamper-resistant design.
