

# Mini Circuit Breakers

## Specifications and Dimensions

Our range of miniature circuit breaker (MCB) lockouts have been designed to fit most modern single and multiple pole miniature circuit breakers. The lockout prevents the circuit breaker toggle from being turned on, use appropriate padlock to prevent unauthorised removal.

Due to the size of these MCB lockouts, should you need to use a hasp to increase the number of padlocks we recommend the di-electric hasp ERSLOK127 or standard hasps ERSLOK044 and ERSLOK045. All of the following MCB lockouts can be locked out using a single safety padlock with a maximum shackle diameter of 7mm.

Part No	Description
ERSLOK205	Pin Out
ERSLOK206	Pin In
ERSLOK207	Pin OutWide
ERSLOK208	Tie Bar Lockout

### Part No. ERSLOK205

- Designed to fit most popular breakers up to 60A

### Part No. ERSLOK206

- Designed to fit most popular breakers up to 60A

### Part No. ERSLOK207

- Adjustable thumb wheel operation
- Fits larger or multi-pole circuit breakers connected with a cross bar
- Requires no holes in the breaker to fit

### Part No. ERSLOK208

- Designed with extra wide body to fit breakers greater than 60A
