

# Oil-Teq 5

Technically blended seamless glove with double layer bi-polymer coating and thumb / forefinger reinforcement

Code OIL5 // Size 8-10

CPU

HDPu

Cushion Technology

Anti-Bacterial

Cross-XX

Oil Resistant

Glass Industry Approved

Premium Grade Leather

Sharp Shield

## Features & Benefits

- Oil and liquid repellent
- Superior cut resistance
- Maximum abrasion resistance
- Ballistic reinforcement between thumb and forefinger
- Excellent comfort and dexterity

EN388(2016)

4X44C

ABRASION  
CUT (COUP)  
TEAR  
PUNCTURE  
CUT (TDM100)

## TYPICAL APPLICATIONS

Aerospace Manufacturing

Agriculture

Assembly

Auto After-Market

Auto Manufacturing

Aviation

Construction & Building

Electrical

Engineering

Glass

Logistics & Warehousing

Oil & Gas

Rail

Steel & Aluminium

Utilities

Waste & Recycling

## HAND HYGIENE STATEMENT

This product has been treated to reduce residual chemicals and solvents used in the manufacturing process. Tornado Gloves Ltd can confirm that the levels detected are significantly below the Occupational Exposure Limit. This is the limit specified by EN21420 General Requirements for Protective Gloves.
