

### 2 Gang Dimmer Switch 250W Brushed Steel

#### Technical Characteristics

|                   |  |
|-------------------|--|
| Frequency         | 45/65 Hz   |
| Operating voltage | 240 V AC   |
| Material          |  |
| Type of load      |  |
| Component         | with 2 fixing screws M3.5 x 20 mm  |
| Dimming principle | phase cut-on or cut-off per series according to load type, self-learning |
