

# IP20

### 1 Gang Double Pole Switched Socket with Grey Face Plate

#### Technical Characteristics

|   |  |
|---|--|
| Fixing mode                                   | Radiator valve                         |
| Nominal voltage                               | 250 V                                  |
| Rated voltage                                 | 220...230 V AC                         |
| Rated current                                 | 13 A                                   |
| Depth   | 25.8 mm                                |
| Height  | 86 mm                                  |
| Width   | 86 mm                                  |
| Number of modules                             | 0                                      |
| Cover   | Full cover plate                       |
| Colour  | blue (shades)                          |
| Material                                      | galvanized                             |
| Surface appearance                            | matt/velvety                           |
| Type of surface treatment                     | untreated                              |
| Colour syntax: Colour                         | jet black                              |
| Imprint                                       | with black imprint                     |
| Type of connection                            | insulation displacement                |
| Wiring  |  |
| Component                                     | with 2 fixing screws M3.5 x 30 mm      |
| Protection index IP                           | IP23                                   |
| Protection                                    |  |
| Designation syntax: Core designation/function | Socket outlet without earthing contact |
