

Product Code: CHOICE RSTAT3RF

Description: Wireless automatic ON/OFF control for heating systems with digital display

RECEIVER

General Information

Call for Heat Indication	LCD Display
Sensor Type	Electronic
Frost Protection	Yes; 5°C

Transmission

Transmission frequency	433 MHz
Transmission Distance	80m Open Field 30m Indoor Transmission

Construction

Material	ABS
Colour	White

Thermostat

Adjustment Type	Large Dial with Digital Display
Set Temperature Range	5°C to 30°C
Temperature Differential	+/- 1°C
Temperature Display Range	3°C to 51°C
Available modes	On/Off/Comfort/Economy

Power

Operating Voltage	2 x AA Batteries
Power Reserve	1 Year
Battery Low Indicator	LCD Display

Environment

Ingress Protection	IP21
Storage Temperature	10°C to 60°C
Operating Temperature	0°C to 50°C
Dimensions	86mm x 86mm x 32mm

Features

- LCD showing room temperature
- Comfort/Economy or ON/OFF modes
- Frost protection
- Battery Powered (with battery low indication)
- Large easy to adjust dial

TRANSMITTER

Power Supply	230V AC
IEC Protection Class	Class II
Wire Gauge	1.5mm ²
Contact Rating	16A, 250VAC
Dimensions	86mm x 86mm x 55mm

Component Supplied

- Screws and wall plugs
