

AlarmSense Open Area Sounder IP65

Part No. **55000-018APO**

Overview

A powerful wall-mounting open-area Sounder suitable for use with C-TEC's CFP AlarmSense range of 2-8 Zone Two-Wire Fire Panels.

IP65 rated.

Up to 99dB(A) sound output at 1m.

Device locking facility.

Max. five Open-Area Alarm Devices per AlarmSense zone.

Technical Specifications

Supply wiring	2-wire monitored, polarity insensitive.
Supply/operating voltage	18-33VDC (sounders active); Less than 15VDC (sounders off).
Quiescent current	100µA @ 12VDC. (Max. surge current 200µA).
Nominal SPL (Sound Pressure Level)	Up to 99dB(A) @ 1m. Note the tone frequency incorporated into this device is the Apollo Evacuate tone (840Hz for 0.5s and 546Hz for 0.5s).
Alarm current	17.5mA @ 24VDC (nominal).
Product dimensions (mm)	97.5mm diameter x 104mm deep.
Construction & finish	TBC.
IP Rating	IP65
Weight	225g.
Operating conditions/temperature	TBC.
