

RADO

Up and down wall light which features a high quality, stainless-steel design. The twin GU10 lamp holders graze light on the mounting surface to highlight features such as stone or brickwork and this lighting effect looks brilliant when used with coloured LED bulbs of your choice. The integrated PIR sensor is packed with features including adjustable PIR detection range (4-8m), adjustable LUX for summer or winter settings and adjustable illumination time after a detection (10 seconds to 5 minutes).
