

ChannelPlus H27XL Series 2

Electronic programmer

Two channels with 7-day programming and independent timing of heating and hot water. Part of a range of electronic programmers that offer up to four independent channels and feature a large, easy to read display and simple menu driven programming. Three and four channel models are for multiple zone control, with single and two channel models used with combi boiler systems and stored hot water systems.

Applications

- Time control of most domestic gas or oil-fired central heating systems
- Combi boilers
- Stored HW systems
- Underfloor heating systems
- Zone Control – time control of multiple heating zones

Benefits

- Flexible controls
- No need to worry about resetting clock for Summer/Winter time changes

Features

- Two channels
- 7-day programming
- Back-lit LCD display
- Simplified menu driven programming
- Advance and boost on each channel
- Preset clock
- Automatic Winter/Summer time changes
- 9-pin wall plate
- 7 years no quibbles warranty

Technical specifications

Electrical

Contact rating	3 (1) Amps 230V AC
Contact type	Micro-disconnection Voltage-free (not H37XL)
Supply	230V 50 Hz

Environmental

Pollution degree	Degree 2
Class a software	Type 1 Control
Enclosure protections	IP30
Double insulated	Yes
Operating temperature range	0° C to +40 °c
Battery	Lithium

Mechanical

Case material	Thermoplastic flame retardant
Dimensions	101 x 163 x 37mm

Features

Display	Back-lit liquid crystal
Clock	24-hour or 12-hour am/pm
Displayed time adjustments	1-minute steps
Switched time adjustments	10-minute steps
Programme options	On, Off, All Day, Auto & Holiday
Operating periods	Per-day 3 for each channel
Override (each channel)	1 or 2 hour boost, 1 or 2 hour extension to On period, instant advance
Mounting	9-pin wall fixing plate
