

**CLASS 00
500 Volts**

LinePro • Electrician • Natural Latex • Class 00 • 500 Volts

Low Voltage

Best.

- Class 00 Voltage glove up to 500 Volts protections
- High grade insulating natural rubber latex
- Superior dielectric properties
- Exceptional anatomical construction
- Excellent flexibility in cold environments
- Retains flexibility 3X better than standard electricians gloves in low temperature environments
- High flexibility reduces wearers hand fatigue
- Latex dipping process conforms to eco-friendly standards
- Innovative drying system to enhance insulating properties
- Each glove undergoes an intense quality inspection to ensure electrical properties and no cosmetic defects
- Packed in opaque UV resistant bags and individual boxes for protection

Range	Class 00
Thickness mm (max) EN 60903	1.10
