

CFP Economy 8 Zone Conventional Fire Alarm Panel

Part No. **CFP708E-4**

Overview

LPCB certified to EN54-2/4, C-TEC's CFP 8zone economy fire alarm panel offers an array of user and installer-friendly features at a very competitive price.

Supplied in an attractive flush or surface mountable plastic enclosure, it includes eight detector zones, four conventional sounder circuits, class change and alert inputs, four open collector outputs (fire, fault, reset and remote) and combined keypad/keyswitch entry.

Unlike our Standard CFP fire panel, the CFP708E-2 is NOT compatible with CFP repeaters, relay expansion boards or EN54-13 interface cards. It also has limited engineering functions.
