

DH18DBL

18V Brushless SDS-Plus Hammer Drill

- Impact energy 2.6 Joules
- 26mm drilling capacity in concrete
- Efficient brushless motor works approx. 50% more than a conventional brushed DC motor per battery charge
- Reactive Force Control (RFC) system reduces risk of injury from tool overload
- Constant speed control
- Over current protection
- 3 mode action: rotary drilling, hammer drilling or chiseling
- Built-in LED light
- Remaining battery indicator
- Drill bit not included
