

niGLON

Installation Essentials

N653/03 Plastic Sealing Compound

Technical Specifications

Appearance	Green
Needle Penetration Test	70
Boiling Point Range	Above 300° c
Flash Point	Above 200° c (open cup)
Flammability (Gas/Solid)	Not flammable at normal temperatures
Auto-Flammability	May auto-ignite above 300° c
Solubility (Water & Fat)	Insoluble in water, partial solubility in fat
Other	Partially soluble in hydrocarbon solvents
Dielectric Strength	2kV per mm
Weight	1kg
